

Acrylic Barrier Shield & Area Cleaning

Note: wear PPE as required by product labels and SDS

PREPARATION

Close the checkout isle

Keep others away from the isle being cleaned (adjacent isles are exempt)

Preferably use a disinfectant wipe or disposable cloth. If using microfiber or cloths, follow established collection and laundry protocols - do not handwash

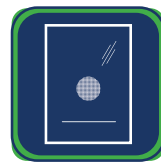

PRE-CLEANING

Apply disinfectant to cloth or use a fresh disinfectant wipe

Look for and clean away soils including body fluids such as spit and mucous on the barrier or barrier support surfaces and ledges. Change cloths/use new wipe for each section cleaned

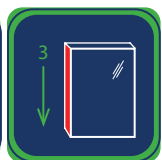

Clean voice pass through or pass through cut outs before being disinfected as part of barrier sides process

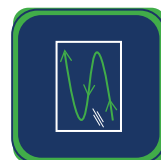

DISINFECTION "Inside" area of barrier protecting service personnel

Apply disinfectant to cloth or use a fresh disinfectant wipe

Wipe the narrow edge of the barrier in a continuous direction

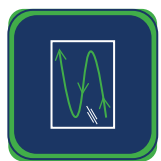

Wipe in continuous overlapping "S" pattern from the right edge finishing at the left edge. Change the cloth or flip to a fresh side if drying out

DISINFECTION "Outside" area of barrier protecting customers & others

Apply disinfectant to cloth or use a fresh disinfectant wipe

Wipe in continuous overlapping "S" pattern from the right edge finishing at the left edge. Change the cloth or flip to a fresh side if drying out

Allow disinfectant to air dry while proceeding to disinfecting associated surfaces as required

DISINFECTION of barrier supports & surfaces "inside" barrier

Apply disinfectant to cloth or use a fresh disinfectant wipe

Wipe switches, ledges, counters, counter closed signs and packing areas

Wipe phones, microphones, cash registers, computers and other electronics

DISINFECTION of barrier supports & surfaces "outside" barrier

Wipe conveyor belts, counters, customer purchase dividers

Wipe PIN/Payment and key boards

Allow disinfectant to air dry while proceeding to disinfecting associated surfaces as required

FINAL STEPS

Once dry, wipe away any spots with a cleaner

Re-open workspace for use
